

THE CHILD NUTRITION EDUCATION NETWORK

Brought to you by

A high-impact community for nonprofits, funders, and other affiliates to gain relationships, peer learning, upskilling, resources, and opportunities for collective action.

Elevate great work. Amplify impact. Feed the future.

SUPPORT THE NETWORK

Drive greater impact toward stakeholders' shared goals through elevated visibility, a collective voice, and more funding.

SUPPORT ORGANIZATIONS

Foster partnerships, coordination, and collective action through The Network Map and year-round engagement.

SUPPORT LEADERS

Provide peer-learning, capacity building and upskilling through an in-person Leadership Fellows Retreat and virtual touchpoints.

Why The Child Nutrition Education Network?

- **The Gap:** No global hub exists for leaders in child nutrition education to connect, share, and scale impact.
- **The Stakes:** Cuts to U.S. nutrition education funding and fragmented global efforts leave children underserved.
- **The Opportunity:** Early, evidence-based intervention sets lifelong habits and reduces diet-related disease.

Together, we can shape the health
and well-being of future generations.
